

## John Leeming

John worked for Canadian Pacific Railway for 37 years starting in the mechanical department in Victoria, BC in 1969. He transferred to the operating department in Coquitlam, BC in 1972 and subsequently worked at numerous terminals in BC as a trainman, conductor and locomotive engineer. John also worked as a Trainmaster in Cranbrook and Golden, BC, Road Foreman of Engines in Revelstoke, BC and Assistant Superintendent in Winnipeg, MB. While in Revelstoke he instructed the Minimum Standards course to running trades employees. After retiring from the CPR in 2006, John volunteered with the Kamloops Heritage Railway and became qualified as a fireman and locomotive engineer on former CNR steam locomotive 2141. In addition to instructing for the CHTR, John also works as a locomotive engineer on the Rocky Mountaineer passenger tour train between Vancouver, BC and Jasper, AB.

*John is located in Kamloops, BC.*
