Dear Friends:

Committed Cops. Inspirational Kids. Caring Communities.

The Canadian Cancer Society and the Cops for Cancer committee extend our sincere thanks to you for your donation.

With your donation, the Canadian Cancer Society is able to fund research to improve the detection and diagnosis of childhood cancers, devise better treatments with fewer side effects and possibly prevent cancer from developing.

Our support programs for children, teens and their families include summer camps, referrals to support groups, access to reliable information about all aspects of cancer, assistance with transportation and emergency financial aid if needed.

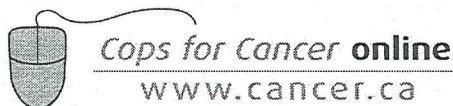

The Canadian Cancer Society also undertakes a range of initiatives that promote good health in children, risk reduction strategies and healthy communities.

To learn more about what's available visit www.cancer.ca or call our *Cancer Information Service* at 1-888-939-3333.

Together, we work as a team so no one has to fight cancer alone. Together, we will make cancer history.

Sincerely,

Barbara Kaminsky
