### **Re: 2010 Wild Game Dinner**

On behalf of the Kelowna and District Fish and Game Club I would like to express our appreciation for your contribution towards the Club's 2010 Wild Game Dinner.

This year's event was held on Thursday, April 1, 2010 and was a huge success. Your generosity is greatly appreciated and your support will enable us to purchase new equipment and undertake numerous projects, which will enhance the club's facilities.

Proceeds from last years fundraiser helped to renovate and update the hall including tiling the floors, the installation of a new dishwasher, and new stove. The indoor range received new and updated lighting.

The lower range improvements included soundproofing of the rifle range, new range construction and major renovations to the commercial range. The club has also planted dozens of new trees to assist with soundproofing as well as replacing those trees killed by the Western Pine beetle.

2010 looks like a busy year with many projects and events planned. Visit our website at [www.kdfgc.org](http://www.kdfgc.org)

Thanks again!

Sincerely,  
**KELOWNA AND DISTRICT  
FISH AND GAME CLUB**

Shane Nicholls
