RE: FORE P.A.R. CHARITY GOLF CLASSIC – MAY 13, 2008

Dear Jason:

I would like to take this opportunity to thank West Coast Authentic for supplying our 5th annual charity golf classic, in support of prostate cancer research and awareness in British Columbia in conjunction with the BC Cancer Foundation.

We have received a number of positive responses from attendees with respect to the quality, selection and uniqueness of the sports memorabilia auction items provided by West Coast Authentic.

We were extremely impressed with the professionalism and positive nature of you and your staff. The displays that you set up were fantastic and some of the memorabilia items were extremely rare. You were also able to accommodate all of our requests for specific items from Evgeni Malkin, Bobby Orr and Sydney Crosby to name but a few.

Your work directly resulted in an increase in the funds realized from the event in both our Live and Silent Auctions. The funds are used directly for the purchase of prostate cancer research equipment for Dr. Marianne Sadar of the BC Cancer Agency as well as promoting the awareness of this disease throughout BC which will affect 1 in 7 men and their families.

It was a pleasure working with you and your staff and we look forward to continuing our association.

Yours truly,

Mark Parry
Chairman
